FINISHING: To give permanent shape to this and other miniature projects, "starch" as follows: Mix water and sugar in a pot - 2 teaspoons of sugar to 1 teaspoon of water. Heat the mixture gently to dissolve sugar. Allow to cool. Soak piece in solution, saturating it thoroughly. Lay piece out to dry, keep shaping it with your fingers. You can speed up the stiffening process by drying the piece in warm air - with a hair dryer, for instance (also see MAGIC CROCHET 34, page 19). After piece is dry, glue decorative ribbon on lid, as shown in photo. Make a short twisted cord with 8 strands of cotton, fold in half, insert through ch-8 of lid center and glue in place on wrong side. Line box and lid if desired.

37 POMPONS

HERE IS HOW

By Midori

MATERIALS Left over yarns in a variety of colors (for best results, use yarns of similar texture and weight; beware of mixing a bouclé-type yarn as they spring back after strands are cut). Felt scraps and beads (for ears, legs, eyes, clothes and so on). Thin metal wire. Heavy-duty sewing thread. Needle. White craft glue.

TO MAKE Wind yarn around one or more fingers required number of times, as per instructions. Tie securely in center with same color yarn. Cut strands at each end. Trim with scissors to give pompon an even roundness or a special shape (oval, pear, etc.). Instructions will tell you how many times to wind your yarn around how many fingers, and that will determine the size and density of your pompon. For example, if you wind your yarn around 3 fingers 80 times (abbreviated as 3 fingers-80x), the resulting pompon will measure about 1 1/4" in diameter. Yarn wound around 4 fingers 120 times will give you a pompon measuring 1 3/8" in diameter. If some of the colors you want to use are available only in thicker yarn, reduce the number of winding times, and, conversely, for thinner yarn, increase winding times or use yarn doubled.

TO ASSEMBLE

With needle and yarn. Prepare all pompons needed for project. Thread needle with yarn (or heavy-duty thread). Pass needle through center of first pompon, leaving 2" to 4" yarn end. Pass needle through center of 2nd pompon, then back through both

pompons. Repeat as many times as needed. Tie yarn ends. Axes on diagrams show direction for inserting needle.

With metal wire. Prepare all pompons. Hook piece of wire into center of first pompon, twist wire, hook next pompon to last wire in same manner, repeat required number of times. By this method you can form an entire chain of pompons, or create special effects. You can also first assemble pompons with needle and yarn, then insert a piece of wire to give your creature or object an individual expression.

BABY CATERPILLAR

MATERIALS Medium weight yarn, small amount in creamy white, rose, violet, burgundy, blue and brown. Two black beads. Two stamens such as are used for flow-

ers for you can make your own (glue tiny bead to end of small piece of line wire, color with spray paint). Check rouge.

COCOONS AND CHRYSALIDES

MATERIALS For A, medium weight yarn, small amount in orange, violet, red. Two white beads. Eight tubular beads, 4 gold, 4 red. Two stamens. Small amount orange floss. Glue. For B, medium weight yarn, small amount yellow, orange, bright red, violet. Felt: piece 2 1/4" x 3 1/2" in green, scrap in blue. Two black beads. Small amount orange and apple green floss. Glue. Check rouge. For C, medium weight yarn, small amount yellow and orange. Two black beads. Two stamens. Felt: dark green and apple green, piece 1 1/2" x 3 1/4" each, green and light green, piece 1 1/2" x 2" each. Small amount green and apple green floss. Small amount fiberfill for stuffing. Glue.

30 RAGTIME RUGS

TO KNIT

By Natacha Gardin

SIZE 36" x 48", without fringes. Fringes are about 1 1/2" long.

MATERIALS : Knitting yarn, about 66 oz in any number of different weights, colors and textures. Cotton rug yarn, chain type, about 3 1/2 oz. (in contrasting color of your choice). Aluminum crochet hook US size 5/F. Sp knitting needles, US size 13, or **SIZE FOR GAUGE**. Large-eyed needle.

GAUGE 4" sq = 9 sts and 18 rows.

NOTE : With crochet hook, work chains of even thickness (use thin yarn double or triple if necessary). Roll chains into balls, then knit. Use your imagination to combine colors and textures for striking effects.

TO MAKE

SQUARE (complete 12) : With chain, cast on 27 sts plus 1 edge st. Work even in garter st (= knit every row) until piece measures 12" from beg. Bind off.

TO ASSEMBLE After completing all 12 squares, press each square lightly, taking care not to distort measurements. Join each two squares using rug yarn as follows. Place two squares with RS tog. Insert crochet hook through first edge st of both squares, pull up lp, then "pull up p through next edge st of both squares, yo and draw thru 2 lps on hook, rep from "across. Fasten off. Join all squares in this manner. Make 4 bands of 3 squares each, then join bands to each other same as squares.

FINISHING After all squares are joined, form multicolored fringes all around rug. Use one strand of thick yarn, two or three strands of thin yarn. For each fringe, cut 3" length of yarn. Fold strand (or 2 or 3 strands) in half. With crochet hook, pull folded strand through edge st of rug to form loop. Pass ends of folded strand through loop, pull to tighten. Knot one fringe into every (or into every other) bound-off st around.

TO WEAVE

If you own a two or four harness loom and know to operate it, this is a project for you.

SIZE : 30" wide x 16 1/2" long (after hemming).

MATERIALS : Medium-weight cotton thread (no. 3 will do), about 448 yds (this is sufficient for warp and plain-weave edges). Length of warp should be 17 3/4" (rug) + 17 3/4" (to make up for loss due to "give"). You can profit from the "give" surplus by putting on a warp for 3 or 4 rugs (or other projects) at the same time (you will then need about 206 yds of thread for each rug and a total of about 242 yds of thread for "give" surplus). Fabric strips (for wgs). 5/8" to 3/4" wide, one 3 1/2 yd ball for each rectangle in one

color : 5 balls in striped navy + 13 yds for tabby at each end, 8 balls each in red, rose and turquoise, 6 balls in yellow, 3 balls in green, 2 balls in blue. Aluminum crochet hook US size 5/F. Sewing needle.

TO MAKE

FABRIC STRIPS - From scraps of materials such as cotton, nylon or acrylic knit, saieen, lining taffeta and so on (we used solid colors, but anything on hand will do), cut strips 3/8" to 3/4" wide (cutting on the bias will make strips more elastic). Cut ends of strips diagonally and stitch with RS together, press seams open. Wrap strips ready for use into balls.

WARP Put on warp with cotton thread, having 15 threads to the inch and a total width of 30". Double end threads to reinforce selvage = 452 threads in all.

Length of rug, including plain weave at each end, is 17 3/4". **WEFT** With weft cotton thread used double, work plain weave (tabby) for 5/8". Change to navy strip, work 4 rows in plain weave. Now, for first rectangle-row, prepare 2 balls navy, 1 ball each in yellow, rose and red. **FIRST RECTANGLE-ROW** : Pass weft strips through, following color key. Change color every 6" and interlace strips as per illustration. Fold edges of strips in as you work. After passing weft strip of one color through, with crochet hook gently pull up 12 to 13 loops per rectangle. Make each loop between 3/4" and 1" high, skip a few warp threads between each loop. Next two strip rows are in plain weave. Remember to interlace strips as you work. Beat weft strips together to keep cloth compact.

OLD WOMAN AND THE SEA

By Françoise Gauthier

A striking snapshot, a lovely postcard—they remind you of that exciting trip, the wonderful vacation. Pick a photo—and use it as an inspiration for beautiful yarn painting which will prolong the pleasure of those memories.

We have projected our favorite color slide (see page 10) into a 14 x 21 inch cardboard, then taped in the lines. As you need to do to enlarge our sketch, so reproduce it first on graph paper (each square is 1 inch square). Then transfer the actual size pattern onto a piece of cardboard by placing dressmaker's carbon paper between the pattern and the cardboard. Trace the lines with a sharp pencil or tracing wheel, prepare the necessary yarns, and you are ready to begin the collage.

MATERIALS Yarns of different texture, small amounts in each of the following colors: Deep black, gold (choose a boucle type yarn), gray, shiny mauve (choose a very contrasting one), several shades of blue, dark mauve, chrome white yarn, light mauve (choose cotton or fiber), and several shades of beige and brown. Stiff cardboard, piece 14" x 21" (you may prefer to use a thinner board of 1/2" plywood). White glue (optional). Ready-made picture frame measuring 19 1/2" x 21 1/2" and mat made with blue wove construction paper to fit frame and collage.

TO MAKE Begin with the human figure. Apply glue to cardboard surface, allow to dry a minute or two, then place strands one by one over silhouette. You can either pre-cut strands or pull yarn from the ball as much as needed. After the old woman is completed, complete and outline figure with strand of yarn. Continue to work in this manner, section by section, using photograph as a guide.

HELPFUL HINTS

CUTTING THE FABRIC Fabrics
used for body parts that will be
stuffed should be cut on the
lengthwise grain line, parallel to
the fabric selvage (see arrow on
each pattern). This is particularly
important for supple fabrics such
as jersey. When pattern pieces for
the body or for clothes have to be
cut twice, fold the fabric right
sides together and cut through
both thicknesses after adding 1/4"
seam allowance all around. When
using a thick or coarse fabric, cut
a single thickness, then reverse
pattern and cut a second piece
on single thickness. Always trans-
fer patterns to wrong side of fabric.

Cut out all pieces 1/4" beyond
pattern lines for seam allowance
(unless otherwise instructed). If
you are using a fabric that frays
easily, the seam allowance should
be increased to 5/8". Materials
such as felt and vinyl require no
seam allowance; cut them on the
pattern line and sew close to the
edge.

SEWING To assemble the pieces
that need to be sewn, pin, or better
still, baste them together. Stitch
all plain seams on your sewing
machine, regulating the stitch
length in accordance with the
weight and texture of the fabric
you are sewing. If you sew by
hand, use the backstitch, keeping
stitches closely spaced. Over-and-
over and blanket stitches are fre-
quently used for accessories -
shoes, hats, handbags and so on.
When making curved seams, we
suggest that you stitch the seam
twice, then clip or notch the seam
allowance before turning piece to
right side. At corners, trim away
the seam allowance close to the
stitching.

Press seams open as needed.
Remove all basting.

STYLING We recommend
using kapok because it is particu-
larly resilient. But you can use
other materials such as fiberfill,
cotton, bits of foam rubber, nylon
stockings and the like.

CHOOSING A FABRIC

TO MAKE BODY The most ap-
propriate fabric is soft, closely
woven and can be stretched where
shape is needed - for the curve
of a cheek, for instance. We sug-
gest one of the following.

Cotton Jersey The suppleness of
this single knit is related to its
weight - the finer the fabric, the
greater the give. We used medium-
weight jersey to make the heads
and bodies of our dolls. You can
purchase this fabric in department
stores or in speciality shops. You
can also use an old T-shirt or
cotton underwear. Since flesh-
color jersey may be hard to come
by, you may have to dye your
fabric yourself.

To tint cotton jersey, use a chemi-
cal dye that is dissolved in hot
water. Mix two parts beige with
one part light pink to obtain flesh
color. But you may have to change
the proportion depending on the
brand you use, so it's a good idea
to ask the advice of the dealer
where you purchase your dye. Dip
in a small piece of fabric to test
the shade before dyeing the whole
lot.

Flannel This fabric may be diffi-
cult to get in flesh color, but it
can be as easily dyed as cotton
jersey.

Other fabrics Fine linens, wool
knit fabrics and Terry cloth may
also be used, but you may have
to adjust the patterns, since they
were designed with stretchy fab-
rics in mind. Avoid fabrics that
are too stiff.

TO MAKE CLOTHES Almost
any fabric can be used to make
the clothes - woolsens, velveteen,
satin, silk, crepe and, of course,
cotton, which is so easy to work
with. For a coordinated look, you
can color the yarn for your doll's
hair and the lace for her dress
with the same dye you used to
tint the cotton (but check the label
to be sure the dye will not damage
your materials). You can also use
natural dyes such as tea, coffee,
onion skin and so on.

Facial Features There are
different ways to make eyes, nose
and mouth. One way is to cut
them from felt. Another way is to
embroider them using outline
satin and straight stitches. You
can also draw them with felt pens
and crayons, or paint them on
using acrylic paints. Sew on a
button for a nose, sequins or
beads for eyes, or combine all the
abovementioned possibilities for
a truly original effect.

Expressions Most dolls look
happy and generally pleased with

the world, but you can also make
them look sulky, funny, weepy,
naughty, elderly, sleepy and so on.
To get the exact expression you
want, cover the upper half of the
head (where the hair will be) and
lightly pencil on eyes, nose and
mouth. If at once you don't suc-
ceed, erase and try again, until the
face looks just right.

HOW TO MAKE THE BODY OF A DOLL

TO TRANSFER PATTERNS, make a template for each body part as follows. Place tracing paper on pattern and go over lines with pencil. Glue tracing paper to thin stiff cardboard, cut out pattern along traced lines.

TO CUT OUT PATTERN PIECES, place template on wrong side of fabric. When you need two pieces of the same pattern, fold fabric with right sides together. Mark outline of piece with a chalk pencil or marking pen, add 1/4" seam allowance all around before cutting. Cut out head, body, arms, sleeves, legs and shoes in this order.

TO SEW legs, you may have to sew shoes to legs first. Machine-stitch arm, leg and ear pieces WS together. Clip or notch seam allowance as needed before turning pieces to right side.

Turn pieces to right side, pushing with stick.

Stuff ears tightly using stick, stuff four fifths of each leg and arm firmly, leaving uppermost part unstuffed.

Baste ears to RS of head, placing them as shown on pattern (make sure they are symmetrical). Place 2nd head on first head RS together, baste and stitch all around, leaving opening for stuffing.

Baste arms to RS of body, placed toward center with thumbs pointing downward. Place 2nd body on first body RS together. Baste and stitch all around, leaving lower edge open for stuffing.

Turn body to right side. Sew legs to front of body on RS.

Clip and notch seam, turn head to right side, stuff firmly. Slipstitch opening closed.

When dolls have elaborate sleeves, complete each sleeve first. Sew on lace or trimming and make gathers before stitching underarm seam. In some cases you will sew arm and sleeve to body at the same time.

Wrap a few layers of padding around a wood stick 4" to 5" long and slip stick into neck to reinforce it. This will make it easier to construct head and body. Stuff body firmly, slipstitch opening closed.

TO CREATE A FACE, draw facial features lightly with a pencil, keeping in mind that the upper half of the head will be hidden by hair.

Stick needle with heavy-duty thread through head from back to front, make a cross for each eye, tightening thread from back to create eye sockets.

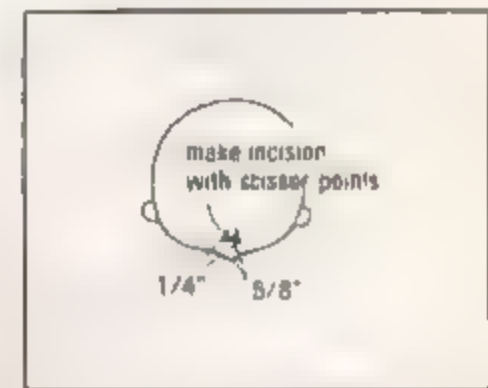

With one strand of floss embroider nose and mouth using outline stitch. From felt cut out eyes (and any other feature) and glue in place.

TO ATTACH HEAD TO BODY, make incision in back of head with scissor points (see diagram), enlarge incision using stiletto.

Push neck into head, making sure the neck of the doll is neither too long nor too short. Sew head to neck, keeping stitches closely spaced. Reinforce with a second seam, if necessary.

Add hair as per individual instructions.

Make clothes as per individual instructions.

TO CROCHET

SIZE 23 inches square

MATERIALS Old pantyhose, 20. Aluminum crochet hook U.S. size 4/E

NOTE Entire rug is worked in hdc (see CROCHET BASICS)

TO MAKE Beg at foot end, cut each pantyhose spirally into strips about 3/4" wide (see illustration). Wind strips ready for crocheting into balls and use them as you would use yarn or cotton thread. Knot strips together as needed. Beg at lower edge of rug, ch 65 + 2 to turn. Row 1 - Hdc in 4th st from hook and in each st across - 65 hdc ch 2, turn each row. Row 2 and next rows Work even in hdc until piece measures 21 1/2", do not cut strip. **Edging** Cut in hdc around piece, working in rnds. First hdc = 2 ch thru-out close each of 4 rnds with sl st in top of ch-2. At corners, inc 1 st on each side of corner st on each rnd. After completing 4th rnd, fasten off.

If you want to give the rug a smoother finish, you can now untie the visible knots and weave in the strip ends (but knots give it a cozy homemade appearance). This rug dries so quickly that it will be particularly at home in your bathroom.

WE RECOMMEND that you use pantyhose of similar weight and texture for greater evenness of strips. Avoid mixing sheer nylons with patterned or opaque hose.

Dear Reader

This time I have put together a very special issue of MAGIC CROCHET, with small-scale and medium-scale projects that will keep you busy all summer long, whenever you have some free time for creative leisure. Larger projects would not be so convenient to take along in the warm season, when you may be vacationing in the mountains or at the seashore.

If you are visiting family or friends, just imagine how delighted your hostess will be to see a little flower basket taking shape and form right under her very eyes. And she'll be all the more delighted to learn that you are making it for her.

Your little daughter will have a lot of fun winding yarn leftovers around her fingers to make pompons (while you are busy crocheting a pretty mat). After preparing all the pompons for a caterpillar, she will ask you to help her assemble them. The pompon caterpillar is sure to become one of her favorite toys.

You will find all kinds of stylish wear in this issue of MAGIC CROCHET. My own favorites are the white dress for a baby girl and the delicate booties, both worked in filet crochet. The baby basket lining and coordinated ruffle are charming and quick to make. The red dress for you, on page 63, echoes the openwork motif of the ecru sweater on page 61. I hope you will find the time to make all these wonderful things.

And the magazine is full of many other exciting ideas: yarnpainting to do on a rainy day, cross-stitch embroidery using motifs that could come in handy to embellish the pocket of a blouse or what have you, throw rugs to knit, weave or crochet with odd bits of fabric or with old stockings, funny toy animals – Miss Monkey and her friend the Cute Little Pig – to crochet with bits of wool yarn.

Whichever project strikes your fancy first, I am certain you will enjoy making it. Here is wishing you a very satisfying summer!

Sincerely yours, Paulette ROUSSET
